Logic Model

CULTURAL DATA
PROJECT

The following questions can serve as a guide to building your logic model.

Inputs: What are the resources you use to run your program? Include staff and board time, funding, clients, equipment, partner organizations, etc.

_____

_____

_____

Activities: What activities do you perform with these resources? Describe how the resources are used.

_____

_____

_____

Outputs: How many times did you do these activities? How many people did you reach?

_____

_____

_____

Outcomes: What changed for your program participants because they experienced or participated in your activities? Outcomes can include changes in attitudes or in behaviors.

_____

_____

_____

Impact: How do these outcomes make changes in organizations, communities, or systems? What is bigger picture of change you are trying to create in the world?

_____

_____
