I love being a fundraising coach for Network For Good because I am privileged to help so many nonprofits all over the country go from "I don't know how to fundraise" to becoming fundraising rock stars! It's very gratifying to see organizations take their work to the next level, and to know I had a part to play in their success!

Hear from our clients:

When I became executive director in 2017, I didn't have any fundraising experience. I knew I wanted to work with a Personal Fundraising Coach (PFC) and have someone to learn from and bounce ideas off of. My coach has helped me expand our fundraising campaigns—so much so that we doubled our goal in the last campaign! My coach strategized with me on my plan and then I was able to just plug in our information and feel confident. I even had people in the community complementing me on our emails and telling me how inspirational they found them!
